

Child Study Center

NYU LANGONE MEDICAL CENTER

ASPERGER SYNDROME SERVICE College Group

Are you in college and interested in learning how to meet your life goals?

- Understand your diagnosis and how it affects your life
- Learn how to make friends in your classes/on campus and initiate plans on the weekends
- Learn cognitive techniques to deal with all-or-nothing thinking and other thought patterns blocking your ability to meet goals
- Create personalized goals to reach during your time at college

For more information contact Candice Baugh, MA, LMCH:
212-263-5385 or candice.baugh@nyumc.org
